

Parkview Elementary School Cudahy, WI

Summary Scope of Work:

Jones Payne assisted with design and construction oversight for the Parkview Elementary School in Cudahy, Wisconsin. Jones Payne conducted an extensive review of the construction documents and specifications for the proposed treatments, which included the replacement of the curtain wall system in the two-story elements of the structure, along with extensive ceiling replacements, as well as the introduction of a new central air conditioning system.

Construction Cost: \$2,300,000
Construction Completion: December 1999
