

Swanton Elementary & Lake Junior High School

Toledo, OH

Summary Scope of Work:

Jones Payne prepared "Preliminary Evaluations" for the Swanton Elementary School and the Lake Junior High School, in Toledo, Ohio. The buildings involved were two-story and three-story brick structures constructed in the 1930's. The proposed treatments included window replacements, selected exterior door replacement, mechanical/electrical systems improvements, and air conditioning. Final design and construction were subject to grant approval.

Construction Costs:

Swanton Elementary School: \$477,000
Lake Junior High School: \$430,000

Reports Submitted:

Swanton Elementary School: 1997
Lake Junior High School: 1998
